

HIGHLIGHTS

FROM THE OFFICE

Welcome to a new school year! We're so happy you're here. A special welcome, too, to those who are new to our school community. Whether you're new to Lethbridge or new to Lakeview, welcome. We hope you feel like this is your school from day one and we hope you love the beautiful playground and outdoor spaces that make this school extra special.

This is my first year at Lakeview Elementary School and I'm thrilled to be your principal. I have experience as a classroom teacher, literacy specialist and most recently, as the principal of Sunnyside School for seven years. I love elementary school and all the opportunities I have as an educator to help children fall in love with learning. I am passionate about building an inclusive and equitable school culture where all children can thrive, and I can't wait to build on the tremendous work already started by the talented staff and students at Lakeview Elementary.

On a personal note, my husband and I have two teenage boys and spend lots of time at the pool and ice rinks year-round cheering them on. When we're not there, we like to spend time in the mountains.

I am looking forward to getting to know everyone in the coming days and weeks. Please feel free to reach out anytime, especially if there's anything I can do to make your Lakeview experience better.

Mrs. Connie Adserballe, Principal

SCHOOL COUNCIL CORNER

Hello, and welcome back to another school year!

School Council serves as a platform to connect with fellow Lakeview parents, provide valuable input into your child's education, and learn how you can be more involved in the school community. All parents/guardians of Lakeview students are encouraged to attend these meetings.

Our meetings typically take place on the third Tuesday of each month, at 6:30 pm. At this time we won't be able to hold in-person meetings, so we will meet on TEAMS. The first meeting will be on Tuesday, September 21. Please watch for an emailed meeting invitation closer to the meeting date.

This meeting will include an election of the School Council Executive Committee, and we look forward to meeting the families of Lakeview.

COVID Re-Entry Plan

Please familiarize yourself with the School Division's [Re-Entry Plan](#). Please ensure your child has a mask as they are required in common areas and while entering and exiting the building. We also support students who wish to wear masks in classrooms.
