What are parents loving and what do they need changed? - Covid restrictions lifted. Many teachers continue to wear masks. Have continued to have a staggered recess – has helped to create more space for children. Recesses have been divided into Kindergarten, Grades 1-2, and Grades 3-5. - Really committed to outdoor learning and play. Lakeview is set up for success with our outdoor space and the new outdoor classroom. - We are starting a 30 day walking challenge – that starts on Earth Day. Connie suggested doing one of those walks for future parent council meeting.	Connie Adserballe Melanie McMurray

Grateful for the generosity from Cobs for the support. Melanie McMurray - Bus students have been sitting on the bus due to an earlier dismissal in Lakeview. That is no longer happening, and all kids will be released at the same time. Families will not notice a difference in drop off times. Hoping to not share a school bus with Plaxton in the coming months. - Mental Health Capacity building team for grades 4/5. They will be at our school for two weeks (each class gets 30 minutes each day). Digital footprints, citizenships, home safety will be certain topics that will be addressed. - Gilbert Patterson is offering an open house for families. - The Library has been sifted through to make more space for Learning Commons. Extra books are being gifted to students. - Each morning about 65 kids are given breakfast. Grant was given from the Alberta Government for nutrition. All kids, any one who is hungry, is welcome to partake in the food. We want all tummies to be full. - Welcoming another EA to Kindergarten Class.
