Lakeview's growth observed in students' citizenship skills is encouraging and reflects the success of efforts to instill a sense of responsibility and community engagement. By building on these achievements, we can continue to mold students into conscientious, socially aware, and ethically responsible individuals who positively contribute to their communities and broader society. Some of the strategies our school is implementing to educate students in the area of citizenship include:

- School wide social emotional learning program, Second Step, taught by our teacher counsellor and student support worker
- Intentionally designed spaces to promote the practice of self regulation in an authentic way (WIN room, play commons, creative commons, reading room)
- Increased time to learn/play outside
- Monthly outdoor school wide assemblies
- Weekly wellness blocks for all students where students are able to experiment with a wide range of activities
- Soft start to each day where every student has an opportunity to engage with an adult before the day begins
- A variety of extra curricular activities including volleyball, basketball, handbells, choir and running club
- Leadership opportunities such as environmental stewardship, partnerships with a care home for seniors, and caring for our community through activities like food drives
