

HIGHLIGHTS

FROM THE OFFICE

Oki!

Throughout this month we will engage in activities and discussions aimed at promoting mental wellness and resilience. From mindfulness exercises to kindness challenges, we will provide opportunities for our students to develop the skills they need to navigate life's ups and downs with confidence and compassion.

If you haven't already done so, please share your input on [Priorities at Lakeview](#) and take the time to complete your [student's profile](#) to assist our team in creating class lists for the next school year. Thank you to the families who have already completed these forms. Your information has been very valuable. As always, please feel free to contact me anytime with any questions or concerns.

Take care,
Connie

SCHOOL COUNCIL CORNER

We are so thrilled with the turn out for the KERNEL Popcorn fundraiser we had at the end of March/beginning of April. We raised a little over \$1300.00. All the money raised will go towards the KONA Ice party at the end of the year.

Thank you to all of those who were able to support us and a special thank you to our parent council and parent volunteers that were able to help sort the popcorn.

Indigenous Days of Learning

When: Thursday May 9th and 16th

What to expect: On May 9th Melanie Morrow will be coming to Lakeview to give classrooms a mini tipi experience. The tipi is classroom sized so they will be learning to put it up and through that learning different stories and facts about the Blackfoot people and their tipi's.

On May 16th, she'll be coming again to teach students about traditional and medicinal plants used by the Blackfoot and Métis people. She will bring a plant kit so students can see touch, smell, and see the plant samples!
