

## HIGHLIGHTS

### FROM THE OFFICE

Oki!

I hope this message finds you well.

The City of Lethbridge and Lakeview Elementary are working together to improve transportation safety around the school area. Visibility of crosswalks near schools is important to ensure the safety of children walking to and from school or being dropped off/picked up nearby and crossing the street to meet parents or guardians.

When drivers park in or near a crosswalk, it restricts the visibility of children crossing for all other drivers, significantly increasing the risk of a collision and a serious injury. Please do not ever park or stop your vehicle within 5 meters of a crosswalk for ANY amount of time. This includes quick drop-off or pick-up.

Thank you for your part in helping to create a safer community for Lakeview Elementary.
